

Materials you'll need

- 1 set of Caller's Cards (two pages in each set)
- 1 Player Card for each person playing
- 1 page of Bingo Chips for each person playing (see point 4 below before printing)
- A box or container for holding the Caller's Cards.

How to play

1. Print out the two pages of Caller's Cards and cut into individual cards with one monster on each.
2. Place the individual Caller's Cards into a container or box.
3. Print a Player Card for each person who will be playing. These are all unique so each player will have different monsters and chances to win.
4. Decide how players will mark off items on their card when they are called. A page of Bingo Chips is included but you might prefer to use marker pens or place pieces of small candy on the tile.
5. Nominate a person to be the Caller. The Caller selects a Caller Card from the container/box (no peeking!) and calls out which monster is on the card.
6. Players check to see if that monster is on their Player Card. If it is they will mark off the tile.
7. The winner is the Player who marks off all items on their Player Card first and calls out "Bingo!"
8. You might like to offer the winner a prize.

Need more Player Cards? There is a blank Player Card for you to create your own. Just print extra copies of the Caller's Cards and select 20 unique monsters for each Player Card. You can also purchase sets for large groups from my Etsy shop <https://www.etsy.com/shop/sunidoll>

I hope you have **monstrous** fun playing this game!
